

submitted sequence listing on January 11, 2002. Specifically, the seventh residue of SEQ ID Nos. 109 and 110 have been changed from aspartic acid (Asp) to Asparagine (Asn). This correction now brings SEQ ID Nos. 109 and 110 into conformance with the sequences recited in claims 48 and 49, respectively. Applicants respectfully submit that the above-identified application is now in compliance with 37 C.F.R. §§ 1.821-1.825 and WIPO Standard 25.

Respectfully submitted,

Seed Intellectual Property Law Group PLLC

Jeffrey C. Pepe
